---How to install a new Total War Gladiator in a Total War Gladiator Arena---

---- NB: In order to use this gladiator you must already have a Total War Gladiator Arena---

With this package you will be able to install the Gladiator in your Gladiator Arena. Here's how to do it.

Rezz the Total War Gladiator Arena you wish to install this gladiator into.

Rezz the Gladiator Installation Package near the Arena and touch it.
A menu will ask to start your installation. Click "Yes"

You Arena spawner will now show you its unique serial number and the menu will ask you to confirm you want to install the gladiator in that Arena. Click "Install" to send your new mob to the Arena.

The installation is now completed and you can start challenging you new Gladiator!

Remember: you will need to do this installation only once for every new gladiator you want to install in your Total War Gladiator Arena.
